re: *Folkman v. US Dept. of State, No. 13-10614*

Dear Anita:

Thank you for your help with the December 5 production. I am writing to ask that the Department provide a declaration similar to the Second Declaration of Sheryl L. Walter justifying the withholdings and redactions the Department has made in the latest production. Also, I request that the Department identify the government office and the third party referenced in Ms. Walter's letter of December 2, 2013, as well as the third party referenced in her letter of September 30. With respect to the third party referenced in the September 30 letter, what is the status of the Department's consultations, and will the documents in question be produced?

Sincerely,

A handwritten signature in black ink, appearing to read 'TJF', followed by a horizontal line.
